

Fellow of the Cryogenic Society of America Nomination Form

Please print this form and send in with the nomination materials specified below.

Fellows of the Cryogenic Society of America are persons of distinction in cryogenics, and shall have made notable valuable contributions to the field of cryogenics. Such contributions need not be in research, however they must be of significant magnitude so as to justify the honor of Fellow. (Please visit www.cryogenicsociety.org/about_csa/awards for examples of non-research contributions.)

In addition, the nominee must have demonstrated loyalty to, and support for the growth of CSA through continuing active participation in the Society's activities, either in the local chapters, or nationally through involvement in short courses, program committees, etc.

Nominees should be **senior members of the cryogenics community**, having been active in the field for 15 years or more. They must **currently be CSA members in good standing** with continuous membership for the previous three years.

Name of Nominator: _____ Institution _____

Name of Nominee _____ Institution _____

CSA Member since _____

The package should contain:

Three letters of recommendation

Letters written by CSA members are preferred, however letters from other nationally or internationally recognized notable contributors in the field will be accepted at the discretion of the Awards Committee.

The persons writing the letters must have personal knowledge of the nominee's qualifications and experience. The letters should: 1) briefly outline the nominee's qualifications 2) explain why the honor of Fellow should be conferred, and 3) must attest to the nominee's professional integrity and character.

The requirement for submittal of letters of recommendation may be waived by unanimous decision of the Awards Committee, in instances where the nominee is extremely well known in the community.

Please send this form along with the letters to:

Megan Galeher
CSA Executive Director
800 Roosevelt Rd. Suite 312-C,
Glen Ellyn, Illinois 60137
or she may be reached at
